Computer Science | Web Developer

Profile Summary

Computer Science graduate from the Lebanese University with hands-on experience in web development, mobile applications, and .NET projects. Passionate about building user-friendly software, eager to learn, and currently seeking an internship opportunity to gain real-world experience and contribute to impactful projects.

Education

Lebanese University — Bachelor of Science in Computer Science

2021 – 2025

Technical Skills

- Programming Languages: C, Java, PHP, JavaScript, C#
- Web Development: HTML, CSS, PHP, ASP.NET (Razor Pages, Minimal API)
- Mobile Development: Java & XML (Android)
- Databases: SQL, In-Memory Storage
- Version Control: Git, GitHub

Projects

- Bookstore App (PHP, MySQL): Developed a dynamic bookstore website with user management and CRUD functionality.
- Movies & Book Store (HTML, CSS): Designed a responsive front-end interface for browsing movies and books.
- TravelMate (Study Project): A travel management app to book hotels, transport, and events.
- the Number Game (.NET 8 Razor Pages): Implemented game logic with input validation using Endpoint Filters and in-memory storage.
- Content Manager App (Java, Android): Built an Android app for adding, updating, and deleting content stored in memory.

- Portfolio Website: Personal website created using pure HTML & CSS to showcase projects and achievements.

- Coffee Shop Website (HTML, CSS, Bootstrap): Built a responsive website for a coffee shop with a menu, contact section, and offers/events page.

Experience

(Looking for first internship opportunity to apply technical skills in a professional environment.)
